Genre: Adventure, Indie
Developer:
Florastamine
Release Date: 18 Aug, 2016

a09c17d780

English

Not enough onion in this game to make me cry. If only there are voice actors instead of just some words written on the wall and floors, it would be better. Also, it would help if he actually fighting for his life to be better. The storyline could be much better. Still, i will recommend this game. Good way to kill your time. Now, here's a potato.. This game is great!!!
