So, what do we know about them? Guarantee: This brand offers a 100% satisfaction guarantee for all of their products. This is quite rare for a shoe, and is a sign they intend to stand behind their product. Style: These shoes are basically flip flops with a collar/buckle instead of straps. You can choose between a slip on version or some with adjustable straps. Technology: These have Aetrex, which is a water-repellent material (that's a fancy way of saying the fabric keeps water out), and the QuickDry technology, a special type of lining that is quick-drying, which means they dry much faster than traditional lining or sock liners. The lining will also last a lot longer, as the shoe will be less likely to lose the benefits of the technology as the shoe wears down.
